## **STANDARD TERMS AND CONDITIONS**

**Entire Agreement** - The Terms of this document constitute a contract for sale between SAAND INC. (Formerly TRIPLE SEAL LTD.) (hereinafter "Seller") and Buyer [**designated on the face hereof**]. This document constitutes the entire agreement between the parties pertaining to the subject matter hereof and supersedes all prior purchase orders, understandings, negotiations and discussions, whether oral or written, between the parties in connection herewith. This document shall not be expanded or supplemented by a course of dealing, usage of trade, or course of performance. The Terms shall prevail and take precedence over the provisions contained in any other prior correspondence, quotation, shipping document, purchase order or other instrument. No terms and conditions which are inconsistent with or in addition to these Terms (including any amendment to the Terms contemplated herein) shall be binding on Seller, unless they have been specifically reviewed and accepted in writing by Seller. Failure of Seller to object to any inconsistent or additional terms and conditions shall not be construed as a waiver, nor as an acceptance of any other terms and conditions.

Buyer shall be deemed to accept the Terms upon the earlier of: (a) Buyer's receipt of this document; and (b) Buyer's acceptance of all or any part of the goods delivered by, or on behalf of, the Seller pursuant to any purchase order or quotation (the "Goods").

**1. Price** - All prices, whether herein named or heretofore quoted or proposed, shall be valid for the period set out in the relevant quotation or customer price sheet, as applicable, and are based on quantities, sizes and descriptions set out. The Seller is not responsible for any interpretation of the description provided herein. All changes to purchase orders must be provided in writing, and may be subject to price revisions. All prices are calculated based on square footage to the next even inch - shapes, patterns and energy surcharges being additional costs and subject to review by the Seller each quarter. Charges for all products are based on the applicable square foot minimum order charge set out in the relevant quotation or customer price sheet, unless otherwise agreed upon. All taxes, duties and other governmental or administrative charges and levies of any kind whatsoever resulting from or otherwise arising out of this contract, including, but not limited to, property, sales, use, value-added, withholding or other taxes which may be payable or collectable at the date hereof or in the future by Seller as a result of this contract shall be the responsibility of Buyer and shall be in addition to the price.

**2. Terms of Payment** - Buyer shall pay Seller for the Goods in accordance with the Terms on the relevant purchase order or quotation within thirty (30) days of the invoice date. Buyer agrees to execute either prior or subsequent to delivery, upon Seller's request, a security agreement, financing statement, and any and all other documents or agreements necessary to give Seller a perfected security interest with respect to all goods and proceeds thereof, and to pay the cost of filing same. Interest on overdue accounts will be calculated at 2% per month. NSF cheques are subject to a \$25.00 fee.

**3. Credit Approval** - All quotations are subject to Buyer credit approval by Seller. Seller reserves the right to refuse shipment of any and all goods and/or services identified in any quotation, to modify the Payment Terms identified therein or to cancel without penalty or charge any contract formed and concerning the goods and/or services identified in its quotation if, in its sole discretion and for any reason whatsoever, Seller requests and is unable to secure acceptable payment assurances from Buyer for the goods and/or services identified in the quotation.

**4. Delivery Time** - All delivery times are approximate and are subject to variation without notice. No delivery shall occur until Seller has received all details from Buyer necessary to execute the order and Seller shall not be held liable for any such delay. Seller shall use reasonable efforts to initiate shipment and schedule delivery as close as possible to Buyer's requested delivery dates. The delivery date will be agreed on mutually between the Buyer and Seller. Buyer acknowledges that delivery dates provided by Seller are estimates only and that Seller is not liable for failure to deliver on such dates, or for any loss or damage to Buyer or others as a result of any delay or change in the delivery time regardless of the cause. Seller will endeavour to pick up any empty delivery racks at the earliest possible opportunity but will not be subject to any specific timelines for pick up of racks and the Seller will not under any circumstances pick up and remove glass. All delivery racks will remain the property of the Seller. Delay in delivery of one instalment shall not entitle Buyer to cancel other instalments.

Seller shall not be liable for any delay in performance due to acts of God, war, riot, embargoes, acts of civil war or military authorities, fires, floods, earthquakes, earth movements, accidents, strikes, labour unrest, delays in transportation, shortage or interruption in fuel, electricity, labour or materials, or any circumstance or cause beyond the control of Seller. In addition, Seller

shall have the right, in the event of the happening of any of the above contingencies, to cancel this agreement or any part therefore without resulting liability.

**5. Technical Aspects** – Windload analysis and thermal stress analysis are strongly recommended to confirm glass heat treatment requirements. This analysis is performed only on specific request of the Buyer and at the expense of the Buyer. All orders must be identified as exposed or covered edges at the time of the quotation request. In the absence of this information, glass shall be considered as covered edges and as not being structurally installed. Structural glazing must be identified as either 2 sided or 4 sided. All quality requirements exceeding the Seller's standards must be specifically approved in advance by Seller's Technical Department and shall bear an additional charge. The use of templates for production is subject to prior approval by the Seller. The standard unit's seal is polysulphide. All products must be used with compatible glazing material and prior verification with the Seller is recommended.

**6. Delivery, Shipment, Risk of Loss** - Shipments shall be made in accordance with Seller's shipping standards and shall be F.O.B. Seller's warehouse unless agreed otherwise. All transportation charges shall be paid by Buyer in addition to the price of the goods. Selection of the carrier and delivery route shall be made by Seller unless specified by Buyer. Seller reserves the right to make deliveries in instalments. Delivery of a quantity which varies from the quantity specified shall not relieve Buyer of the obligation to accept delivery and pay for the goods delivered. Subject to Seller's right of stoppage in transit, delivery of the goods to the carrier shall constitute delivery to Buyer and title and risk of loss shall thereupon pass to Buyer. Buyer agrees to assume risk for loss of, or damage to, the goods from the time of delivery to a carrier at Seller's warehouse, or if the shipment is delayed or deferred by an act or omission of Buyer, then from the time the goods are completed and ready for shipment. At its own expense, Buyer shall procure and maintain adequate insurance on the Goods for the benefit of Buyer and Seller protecting against loss, damage, deterioration, or other casualty occurring during shipment. Upon request of Buyer, and upon the written consent of Seller, Seller may arrange for such insurance at the sole expense of Buyer. Seller shall not be responsible for any damage, including any concealed damage, of or to any Goods which occurred prior to or as a result of delivery of such Goods to Buyer, unless Buyer notifies Seller of any such damage within ten (10) days of receipt if delivered to Buyer's plant or within three (3) days if delivered to the Buyer's designated jobsite, of the relevant Goods, at which time the Seller shall have the right to field inspect such Goods to verify such damage and its cause.
